

WILL PURCHASE LOT FOR SCHOOL

Council Appropriates \$7,500
to Buy Land for Pro-
posed Building

SUSTAIN MAYOR'S VETO

The Sum of \$10,000 Appropriate For
Extension of Sewer on South Royal
Street—To Increase Salary of Su-
perintendent of Gas.

Common council last night ap-
propriated the sum of \$7,500 for the
purchase of a lot as a site for the
proposed new school building for
colored boys and girls.

President Burke, at the request of
the board, appointed a committee
composed of Councilmen Matter and
Ticer, who with the city engineer and
school board, will select the site for
the new building.

W. F. H. Finke, chairman of the
school board addressed council on the
need of immediate action.

Mayor Fisher returned without his
approval the paper granting A. T.
Peake permission to erect a gasoline
pump at Prince and Fairfax streets. It
required twelve votes to overcome the
mayor's veto and only eleven were
given, Messrs Ticer and McCaffrey
voting to sustain the mayor. The mat-
ter was, after a lengthy debate re-
committed to the street committee.

Resolution of Councilman Ticer to
increase the salary of the superinten-
dent of the city gas works to \$2,000
per annum, effective June 1, 1919, was
referred to the committee on finance
and light. The sum of \$10,000 was ap-
propriated for construction of sewer
on Royal street southward to Jeff-
erson street.

After a debate a resolution appro-
priating \$1,700 for the purchase of a
concrete mixer was withdrawn by
Councilman Ruben, of the street com-
mittee.

The corporation attorney was au-
thorized to take necessary steps to
compel the Fleischmann Construction
Company to remove dirt from lots in
the northeastern section of the city.

Resolution appropriating \$4,000 to
continue work of moving ashes and
cleaning streets, the present fund be-
ing exhausted, was referred to street
committee. It was explained that the
increased cost of labor and teams was
responsible for the deficit.

The Chesapeake and Potomac Tele-
phone Company petitioned for permis-
sion to erect poles and string cables
in the river front between King and
Duke streets. It was referred to the
street committee.

The sum of \$400 was appropriated
for sewer traps in the southeastern
section of the city and \$300 for use of
health department.

Miscellaneous Business.

Other matters presented follow:
Permission granted Aero-Auto Com-
pany to erect gasoline tank on Henry
street, just west of building 1101
King street; permission granted Leo
Harlow to erect garage in rear of
South Fairfax street; permission
granted George H. Hepburn to erect
garage in rear of 211 Gibson
street; petition for sewer on Fayette
between Prince and Duke streets, re-
ferred to street committee. Frank
Schelbach granted permission to
erect building at 814 and 816 King
street; petition of C. R. Yates to re-
pair building 322 south Fairfax street

of Mutual Ice Company to erect ser-
vice station on east side of Alfred be-
tween Wolfe and Wilkes streets, re-
ferred to street committee.

STRIKERS GROW VICIOUS

Bomb Explosion and Revolver Bat-
tles Feature Lawrence Outburst

Lawrence, Mass., April 8.—Rioting
marked by promiscuous firing by
strike sympathizers and police opened
the tenth week of the textile
strike here yesterday. The outbreak
occurred in the vicinity of the Ever-
ett mill, shortly before 7 o'clock, a
few hours after the city had been
stirred by the explosion of a bomb
in a tenement house in the same
neighborhood.

Early reports indicated that no one
was wounded by the shooting, al-
though several rioters and policemen
were injured by sticks, stones and
clubs.

The rioting started when a few
strike sympathizers began throwing
stones at mill windows, and then
shifted their attack to policemen
who sought to quiet them. The crowd
grew rapidly, and the little squad
of officers called for reserves. City
Marshal Timothy O'Brien responded
with a large force and read the riot
act.

Then the police, finding their
clubs ineffective, drew their pistols,
and their shots were answered by
others from the crowd. Men and
women also appeared at windows
with missiles.

Women and children were active on
the picket lines during the morning.
It had been announced Sunday night
that the children of strikers would be
kept from school Monday because of
the alleged anti-strike activities by
teachers. This morning many wo-
men appeared as pickets, accompa-
nied by two and three children, most
of them of primary school age.

In the mill districts, also, other women,
with stones in their hands, drove
away children who were on their way
to school.

One striker, arrested for alleged
rioting, had \$1,303 in cash and a \$100
Liberty bond in his pockets.

Numerous spring harbingers are
here, but they aren't hopping about in
the grass, says the Kansas City Star.
They're lying on their backs on the
ground, with their poor little feet up
in the air.

PRESENTED WITH PULPIT

Rev. Dr. J. Calvin Stewart,
of Alexandria, is
Recipient

RELIC OF MINISTRY

Formed Part of Furnishings of Grace
Covenant Church of Richmond, Now
Owned by Masons.

Rev. Dr. J. Calvin Stewart, pastor
emeritus of the Grace Covenant Church,
Richmond, has been presented with
the pulpit from which he preached
so many sermons, by the Scottish
Rite Masons of Richmond, of which
he has long been an active member.
Dr. Stewart is an Alexandrian, a son
of the late John Stewart and is well
known to most old residents.

The pulpit formed a part of the
furnishings of the Church of the Cove-
nant and, after its amalgamation with
the Grace Street Church, of the Grace
Covenant Church, at Harrison and
Park Streets, of which he was the pas-
tor. When the building at Harrison
and Park streets was sold to the Scot-
tish Rite Masons, the pulpit, with all
other furnishings, was included. Know-
ing the sentiment that attached to
the pulpit, the new owners have pre-
sented it to Dr. Stewart.

The building, which has been the
home of Grace Covenant Church since
the merger of the congregations, at
midnight last night passed from its
possession and became the Scottish
Rite Cathedral of Richmond, thus giv-
ing this Masonic order the handsomest
home in the South and one of the
finest in the United States. With a
few minor alterations in the interior
it will be especially well adapted for
their work, and the spring reunion on
May 12, 13, 14 and 15 will be held
there. Later several thousand dollars
will be expended in altering the cathe-
dral to meet the needs.

Perhaps the largest class of candi-
dates in the history of Scottish Rite
Masonry in Virginia will be initiated
at the spring reunion. Already more
than 150 applications have been re-

DANCE A SUCCESS

Proceeds for Tobacco Fund of Sol-
diers at Fort Myer.

About three hundred happy folks,
including one hundred and fifty men
in uniform and those discharged, en-
joyed the dance given last night at
the War Camp Community Service
Club for the benefit of the tobacco
fund of the men stationed at Fort
Myer. The music was furnished by
five members of the 11th Cavalry
Band, which was exceptionally good
for dance purposes. In addition to the
dancing, a number of vaudeville stunts
were introduced, all being men from
Fort Myer, which were first class
features and included the following:
Westbrook of the 11th Cavalry Band,
who delighted the audience with an ex-
ceptional rendition of vocal solos;
Paul Grigsby, or "Haba Haba," the
Fire Eater, was a decided hit as usual,
as he seemingly devoured balls of fire
and flaming tapers; Imitations by
Buglers Pomeroy and Sanders were
very clever and greatly enjoyed; Sar-
geant Bosko next entertained with
several excellent mandolin solos; the
program concluded with Jack Cais
who entertained in a delightful way
with acrobatic dancing. The entertain-
ment of last night resembled those
that were given at the hall during
last fall and winter, when so many
professional men were in camp at
Camp Humphreys, and so willingly
gave of their talents for the enjoy-
ment of the citizens of Alexandria.

Arrangements are being made in
the near future to give one or more
evenings entirely to set entertain-
ments, which will be participated in
by men of the service, who so far have
proven themselves absolutely capable
as did those who participated in last
night's entertainment features. The
work of community service for the
men still in uniform and those dis-
charged and wearing the civilian
clothes is still being figured out to
good advantage by the host of Alex-
andria in co-operation with the War
Camp Community Service. W. C. C. S.
will soon have identification buttons
which will be given to men who work
in the service but are now wearing
the civilian clothes, if they will ap-
ply at the W. C. C. S. office in the Elys-
ium Building and register, giving their
name and address, thus they will be
provided with all of the privileges as
having been Uncle Sam's service men.

Coublay—Destination,
Brazil.

Paris, April 9.—Lieut. Fontain,
French aviator, started at 6 a. m.,
yesterday from Villa Coublay on the
first leg of a trans-Atlantic flight to
Brazil. He will make his first stop
at Casa Blanca.

Fontain's flight would be made in
five legs, totaling 4,500 miles, as follows:

to Dakar, 1,400 miles; Dakar to St.
Paul Rocks, 1,100 miles; St. Paul
Rocks to Pernambuco, 750 miles;

southwest of Gibraltar. Dakar is at
the extreme end of Cape Verde. St.
Paul Rocks are in the South Atlantic,
northeast of Pernambuco.

to follow this route March 16, being
forced to descend at Blois because
of engine trouble after being in the

NINE MONTHS JURY'S VERDICT

James H. Lawrence Found
Guilty of Involuntary
Manslaughter

JURY OUT FOUR HOURS

Shooting Took Place February 14
After Lawrence Was Taken in Cu-
stody by Officer Walker W. Campbell

James H. Lawrence, a discharged
soldier, from Richmond, Va., was
found guilty of involuntary man-
slaughter by a jury in the Corpora-
tion Court last night in connection
with shooting to death Policeman
Walker W. Campbell and fixed his
punishment at nine months in the city
jail.

The jury deliberated on the case
four and a half hours. The case was
given the jury at 5.10 o'clock and a
few minutes before 10 o'clock returned
its verdict. Lawrence already has
served nearly two months in jail and
this time will be taken off his sen-
tence. The prisoner, therefore, will
serve only about seven months in jail.

C. W. O'Morra was foreman of the
jury. The shooting of Policeman
Campbell took place the night of Feb-
ruary 14 after he had taken Lawrence
in custody for an infraction of a city
ordinance.

Lawrence accompanied Policeman
Campbell and Padgett a distance of
more than a square when a tussle en-
sued resulting in the policeman being
shot and Campbell died two days af-
terward at the Alexandria Hospital.

The accused was represented by at-
torney Leith S. Brammer, Richmond,
and Commonwealth's Attorney H. W.
Smith conducted the prosecution.

FAVOR CITY MANAGER PLAN

Suffolk Election Shows 313 Out of
399 Voters for Change
In Government

Suffolk, Va., April 9.—Suffolk will
have a city manager form of gov-
ernment. This fact was decided last
night, after the warmest election
that has been held here in many
years.

The election for the change in the
form of city government was won by
an overwhelming majority, for out
of the 399 votes cast, 313 were for
the change in the form of govern-
ment, and eighty-six against the
change.

According to the election laws, as
construed by some Virginia judges,
it takes a majority of the qualified
voters as shown on the sworn list,
and the 313 cast last night by those
who advocate the change in the form
of city government is just the num-
ber.

LONG RIDE ON TRAIN ROOF

Boy Nearly Paralyzed by 8 Hours
On Passenger Coach Top.

Williamsport, Pa., April 9.—James
Walter Randall, a 15 year old boy,
who gave Clifton, Va., as his home,
was taken from the roof of a fast
train on the Pennsylvania Railroad
when it arrived here early yesterday
morning after a ride of nearly 8
hours, clinging to the ventilator of a
passenger coach.

When discovered the boy's muscles
and limbs were so stiff from riding
so long in his perilous position and
from the cold that he did not recover
their use for some time. The boy had
beaten his way from Canandaigua,
N. Y., at which place he had crawled
to the top of the car as the train
was being made up for its night run.
The lad is being held here to await
orders from his family as to his dis-
position.

WILSON'S RETURN

Sailing of the Steamer George Wash-
ington Will be Expedited

Acting Secretary of the Navy Roose-
velt late yesterday received a cable
from Admiral Benson asking that the
sailing of the U. S. S. George Wash-
ington be expedited at the direction of
President Wilson.

As a result navy officials said the
George Washington would leave for
Brest as early as possible, perhaps by
Friday, April 11.

A tentative sailing date had been
set for April 14, but repairs, which
the George Washington has been un-
dergoing, were finished sooner than
navy officials had expected. Acting
Secretary of the Navy Roosevelt said.

Paris, April 9.—Air tight censor-
ship was put upon American papers
here with reference to fixing the
sailing date for the George Washing-
ton, which will bring President Wil-
son back to America. Delays over the
peace parleys are being strongly cri-
ticized.

NEGRO ATTACKS WOMAN

Suspect Seized in Freight Car Held
in Berkeley Springs Jail

Hammerstown, Md., April 9.—Mrs.
Ernest Zimmerman, aged 26, was
brutally attacked by a young negro
yesterday at her home in Morgan
county W. Va., near Hancock, Va.
A negro answering the description
of Mrs. Zimmerman's assailant was
arrested in the afternoon at Doge-
ley and is being held in Berkeley Springs
jail.

Mrs. Zimmerman was combing the
hair of her 5 year old daughter on
the front porch of her home when
the negro asked for a drink of wa-
ter. As she started to enter the
door the negro dragged her into a
room. Her face was lacerated and
body bruised.

The negro boarded a Baltimore
and Ohio freight which was search-
ed at Gogely. Mrs. Zimmerman's
daughter ran to a field where her
father was plowing and told him of
the tragedy. Posses of officers and
citizens were soon scouring the coun-
try. Threats of lynching were
made.

Sheriff Hovernmill, who last night
had a strong guard at the jail said
the authorities were not sure that
they had the right man.

The prisoner, aged 24, of Martins-
burg, says he is innocent.

GERMANS FELL FOR DECOY

Foch's Faked Plans Reached Them by
Strategy of Americans.

Boston, April 9.—Officials at the
headquarters of the Department of the
Northeast vouched for a story told
by a major who arrived on the Aga-
memnon yesterday of how two colonels
of the American army/assisted in an
important bit of strategy in the St.
Mihiel district. The major, whose name
the department declined to reveal, said
that the Germans learned of the or-
iginal plan to start the drive on Sep-
tember 5, 1918.

General Foch then had elaborate
plans drawn up, purporting to set
forth details of an impending attack
on Belfort. These plans were intrusted
to two American colonels, who took
them to a town where there were
known to be German spies. While they
were there the plans disappeared for
a time. That they had fallen into Ger-
man hands became evident when the
Germans withdrew large forces from
parts of the St. Mihiel salient and
massed them about Belfort.

This diversion assisted greatly in
carrying out the real plan of attack,
which was instituted on September 12.

IN MEMORIAM

In memory of my dear husband,
Raymond A. Devers, who departed
this life, April 9, 1918.

In memory I always see the one I
loved so dear,
His vision grows so clear, some-
times I feel he must be near.

How sadly I have counted the hours
that measured one sorrowful year.
Since they laid 'neath the mantle of
flowers the husband I loved so
dear.

His busy hands are folded, his work
on earth is done,
His troubles are all ended, his heav-
enly crown is won.

If I could see behind the stars, that
which is 'hid from me,'
I know I would see my dear hus-
band then, tenderly watching me.

GETSEMANE TO GOLGOTHA

To be Sung by the Choir of St. Paul's
Church Next Tuesday Evening

For upwards of ten years the choir
of St. Paul's Church has rendered
during Holy Week, one of the sac-
red Cantatas appropriate for the
Lenten Season, among them Stan-
er's "Crucifixion," Maunder's "Olivet
to Calvert," Du Bois' "The Seven
Last Words of Christ," and Gu-
nod's "Gallia." This year they will
present a new work, Turner's "Get-
semane to Golgotha."

In this Cantata the librettist has
attempted to present the great trag-
edy in a rather dramatic form, as an
alternative to the contemplative view
exemplified in other Lenten Cantatas.
He divides it into three scenes, "The
Garden of Gethsemane," "Before
Pilate's House," and "At the foot of
the Cross," suggested by three
verses of a hymn of James Mont-
gomery, "Go to Dark Gethsemane,"
"Follow to the Judgment Hall," and
"Calvary." Mournful Mountain
Climb," which are sung respectively
at the commencement of each part.
In the form of a choral, by the choir,
and each part concludes with an ap-
propriate hymn for the choir and
congregation. St. Paul's choir has
had this work in preparation for
several weeks, and a fine rendition is
anticipated.

The part of "Jesus" will be sung
by Wilmer J. Waller, that of "Pe-
ter," "Pilate," and "The Beloved
Disciple," by Kenneth Ogden. J.
Harris Franklin will sing the part
of "Judas." The other solo part is
assigned to the soprano, and will be
sung by Mrs. Harrie White, who
will sing the part of "A Voice in the
Crowd," "An Angel," and "Mary."
The reputation of St. Paul's Choir for
chorus singing is well established,
and this Cantata gives them a fine
opportunity. The production is un-
der the direction of Sherman B.
Fowler, the organist of the church.

The offertory will be for the bene-
fit of the choir fund, and the ex-
penses incident to the production of
this work.

A cordial invitation is extended
to all to attend this service, which
will be held at St. Paul's Church,
Tuesday evening of next week, April
15th, at 8 p. m.

TO DISCUSS CITY MGR. PLANS

Plans Complete For Big
Mass Meeting On Fri-
day Evening

EVERYBODY WELCOME

Results of Carrying Out of Plan in
Other Cities to be Made Public at
This Meeting.

The temporary committee in charge
of arrangements for the mass meet-
ing for Friday night regrets that
Mr. Ashburner, present city man-
ager of Norfolk, will be unable to be
present Friday night. The commit-
tee, however, congratulates itself
on having filled Mr. Ashburner's
place on the program, by securing
Mr. H. H. Rumble for that evening.

Mr. Rumble is a leading attorney
of Norfolk, and is especially qual-
ified to discuss city government.
When the citizens of Norfolk be-
came interested in establishing a
better system of administration for
Norfolk, Mr. Rumble was made
chairman of a committee to visit
cities throughout the country and
investigate various forms of gov-
ernment. After a thorough inves-
tigation of the various forms, Mr.
Rumble's committee recommended
the council manager plan for Nor-
folk.

On account of the various ex-
perience and data Mr. Rumble had
secured on the subject, he was made
chairman of the charter commission,
and drew the present city manager
charter for that city.

The committee has secured as an
attractive feature, Professor Cello,
leader of the orchestra at Poli's The-
ater who will conduct a brass band
of twenty pieces. Thus an evening
of both education and pleasure is as-
sured.

The following was written by Private Bernard V. Hamilton, son of Mr. and Mrs. F. M. Hamilton, to his mother:

The Doughboy

When Uncle Sam decided that he would have to lick the Hun, And that a couple of million men would put them on the run, I like a noble fellow enlisted on the spot, I pictured all the greatest deeds, but this is what I got: A dandy misfit uniform, a hat and shoes to match, An itchy woolly underwear that made me squirm and scratch, They sent me to a training camp, and kept me there a year, And when they thought I had enough they sent me over here.

I landed on the shores of France—thanked God the trip was done. But little did I realize the worst was yet to come. I hiked ten miles than rested, and then hiked ten miles more, My pack felt like a ton of lead, my feet were blistered sore. At last I reached my billet—'twas fit for pigs, not men, They gave me just a few hours rest, then made me hike again. And then they put me on a train made up of all French cars. Those "forty homers and eight chevrons" That left me full of scars.

For eats I got corn belly, tomatoes, leaves and bread, A bit of each three times a day 'til I was nearly dead. And then at night the trains would stop, but two or three a. m., I hobbled out slung my pack and started to hike again.

And so it went for days and days, Then came the sound of guns, Which brought me the tidings that I was near the Huns.

Now I had heard of trenches and all about the line,

Of splendid food and easy work that sounded pretty fine

Y. M. C. A., in every trench to give the boys good cheer.

To hand out smokes and things to eat which they brought over here

But when I got there all I found was shell holes and Hell.

The Y. M. C. A., were miles away. I sure was S. O. S.

I'd stand on my post the whole day long in mud up to my knees.

My clothes were shabby, wet and torn; my body full of fleas;

And often I would think of home, and of my mother dear.

I'd wonder what she'd ever do if I pushed daisies here.

At last, one night, the order came to storm forth over the top.

The artillery boomed barrages, the machine guns all would pop.

We met the Huns with bayonets, I fought through shot and shell.

A bullet caught me as I lunged and like a brick I fell.

And as I lay there on the ground a yelling like a pup.

Two lads came with a stretcher and promptly picked me up.

They placed me in an ambulance with several other ones

And took me to a hospital away from all the guns.

They doctored me and nursed me 'til I was strong and well,

And then they put me on a train and sent me back to hell.

Believe me, when I tell you, this life ain't what it seems,

For sniffing gas and ducking shells ain't fun by any means

I often wish those lads at home who write about the stuff

Would spend a couple of days up here, they soon would have enough.

And all those lads who tell of France, so sunny, clear and fair,

I'd like to bet you all my coin, that they were never there.

I've had my share; I've seen it all; I know the game too well.

You ask what I think of it?—I'll tell you frankly—Hell.

All I can do is stick it out and hope That soon I'll be aboard a ship bound for the U. S. A.

LETTER FROM FRANCE

The following is a letter received some time ago by Mrs. Agnes Cornell, 1325 Queen street, from her son, Earl C. Cornell, who went to the Mexican border with the old 3rd D. C., National Guard, and who is somewhere in Germany.

I am now taking time to explain my part in the war. I left New York December 12, 1917, and landed in France at Brest, December 27. I was sent to camp January 2, 1918, and engaged in construction work. We then left to go with an A. E. F. prison camp to do guard duty.

Afterward I was transferred to Company B, 16th Infantry, where I remained until June 7, 1918. Next

I went to the trenches. This was my first taste of war. Shells were bursting on all sides of us. I howled, came out O. K.

I participated in a number of drives in different sections afterward. On September 12, I participated in the drive at St. Mihiel. We certainly kept the Huns on the run in that drive. Next we took a rest in a wood north of Verdun. On October 4 we made a drive in the Argonne Woods. Here we encountered hard fighting.

At this battle I was decorated for bravery, having gone out under shell fire and succeeded in saving our captain.

From October 6 to 13 I was engaged in the work of burying the dead, and on October 15 I again went on a week's furlough and got back in time to go over the top October 29.

On November 2 I went to the Rhine and stayed there for two days.

I crossed the Rhine December 27 one year from the day I landed in France.

I am now in Daubach with the army of occupation. You can see from the above that I did not miss many battles.

Mother, this is what a German prisoner says: "Yesterday I received orders to hold the fort at all costs. The American barrage advanced. It was then impossible to move out of our dugouts. Following this barrage closely was the troops of the 1st Infantry.

"I saw them forge ahead and then I knew that all was lost. All night I remained in my dugout, hoping vainly that something would happen that would permit me to rejoin my army.

This morning your troops found me and here I am "after four years of fighting a prisoner. Yesterday I knew that the 1st Division was opposite us and I know that we would have to put up the hardest fight of the war. The first drive was wonderful and the German army knew it. We did not believe that within five years the Americans could develop such a drive as the First Division did. The work of its infantry and artillery is worthy of the best armies in the world. This is true too.

LETTER FROM FRANCE

Mrs. A. M. Renschel has received the following letter from Autreville, France, dated March 14, from First Lieut. George J. Hook, U. M. C. U. S. A., Commanding Company D, of which company her son is a member.

"Now that hostilities have ceased and our thoughts turn towards home, it is not only just but a pleasant duty to acknowledge the splendid courage and loyal devotion to duty of your son, Forest, during his period of service with Company D, 102nd Supply Train, while on duty at the front in France during the great world war.

"Throughout all the difficulties and perils encountered all along and through the different campaigns, he performed every duty assigned to him with a willingness and a dauntless spirit that not only reflects great credit upon his early training at home, but it is typical of the best traditions of the American army.

"I, as his Company Commander, had every opportunity to note his behavior under the most trying conditions amidst many personal dangers and hardships and I can assure you, his mother, that you have every reason to be proud of his behavior.

Through God's mercy his life has been spared you, and he will in the near future return home, there to take up his work with the same energy and with the same dauntless spirit to win which characterized his efforts on the battle front of France."

ORDERS WAGES CUT

30 Per Cent Reduction Meets With Appeal to Labor Board.

A reduction of 30 per cent in wages in the Bethlehem Steel Company and the Lebanon Valley Iron and Steel Company, Lebanon, Penn., has been ordered, according to information received by the Department of Labor. Strikes are in progress and Fred Knightly, secretary-treasurer of the steel workers' organization, has asked the department to appoint a conciliator.

Thomas J. Williams has been assigned. The men want the company to accept the Western schedule of wages and a sliding scale.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-effects, it has won the praise of thousands of people who have used it.

John Moncre, D. D., a leading Scottish Rite Mason who sacrificed his life a few years ago in trying to save a negro servant from drowning. Rehearsals of the degree work in the various bodies of the Rite will begin in the new cathedral Friday evening and continue until the reunion. A Scottish Rite choir with some of the best voices is being organized under the leadership of Joseph F. White, with Luther H. Jenkins in charge of the pipe organ.

PEACE PRACTICALLY MADE

Peace, April 8.—Peace making is practically completed, says a British official spokesman.

"It will be a peace which both the Bolsheviks and the Allies probably will regard as acceptable." The official added that "complete agreement on peace has been achieved in the matter of reparations, the Rhine region and permanent disposition of Danzig."

SENTENCE "GYPSY QUEEN"

Baltimore, Md., April 8.—Mrs. Annie M. Smith, known among her neighbors as "the Gypsy Queen," who was placed on trial on Monday in the circuit court at Towson for the murder of her mother-in-law, Mrs. Lena Smith, on May 12, 1917, was yesterday afternoon convicted of murder in the first degree. Judge McLane, who was on the bench, sentenced her to life imprisonment in the penitentiary.

Don't Suffer

MANY men and women are suffering because they are treating effects instead of removing causes.

Why bother with liniments and lotions for rheumatic pains, backache, stiff joints, sore muscles, biliousness, nervousness, floating specks in the vision, dizziness, puffy pouches under the eyes, or other symptoms of kidney trouble when the kidneys can be made well and strong, thus removing the cause of the symptoms?

Foley Kidney Pills

have been used by kidney trouble and bladder ailments by men and women with success for many years. They seem to get right at the root of the trouble, purifying and strengthening kidneys and bladder. They help the kidneys draw out of the blood the waste and poisons that cause the symptoms of kidney trouble.

O. W. Weinsinger, 2024 Santa Vista, San Antonio, Texas, writes: "I have suffered more or less with kidney and bladder trouble for the past ten years. The only thing I have ever been able to get relief from was Foley Kidney Pills. I earnestly recommend them to any one suffering from kidney or bladder trouble."

DON'T GUESS

THE telephone number of a big department store in a large city is 7000. A subscriber whose number was 6000 asked to have his designation changed; he complained that he was called several times a day by people who wanted the department store and who failed to look up the correct number.

THEY guessed, and guessed wrong. They asked the operator for 6000 and she, of course, gave them the number asked for.

It is an easy thing to guess wrong, and it annoys a third person—the one called in error. Incidentally, the operator usually gets the blame. Always consult the directory.

Common Council

At a regular meeting of the Common Council of the City of Alexandria, Va., held April 8, 1919 there were present:

H. R. Burke, esq., president, and Messrs. McCaffrey, Matter, Ruben, Ticer, Armstrong, Kaufmann, Wattles, Desmond, Sullivan, Baggett, Ballenger, Fletcher and Devers.

The following message was received from the Mayor:

April 2, 1919.
To the Honorable City Council,
Alexandria, Virginia.
Gentlemen:

I am returning without my approval a paper having for its object the granting of permission to A. T. Peake to erect a Gasoline tank and service pump under side-walk at corner of Prince and Fairfax Streets. My objection is based upon the grounds that the placing of Gasoline under pavements of our city is indeed a very dangerous and bad practice, to my mind it is bad enough when it is placed even in yards off of thoroughfares used by pedestrians and where people are liable to drop or throw lighted cigars or cigarettes.

I am of the opinion the City Council should pass an ordinance prohibiting the sale of such high explosives except in certain zones and those zones should not be in a residential section. A number of our best citizens reside in this section and I am of the opinion their rights should be protected.

Very respectfully,
THOMAS A. FISHER, Mayor.

The Mayor's objection was sustained. Ayes Messrs. McCaffrey and Ticer 2; Noes Messrs. Matter, Ruben, Kaufmann, Wattles, Desmond, Sullivan, Baggett, Ballenger, Fletcher, Devers and Mr. President, 11. A two third vote required to pass over veto.

A resolution granting permission to A. T. Peake to place gasoline tank under pavement on Prince street near the corner of Fairfax street was offered by Mr. Baggett and referred to the committee on Streets.

The committee on Streets recommended that \$10,000 be appropriated to extend trunk sewer north of Jefferson street on Royal street and the report was adopted. Ayes Messrs. McCaffrey, Matter, Ruben, Ticer, Kaufmann, Wattles, Desmond, Sullivan, Baggett, Ballenger, Fletcher, Devers and Mr. President 13. Noes 0.

The committee on Streets recommended that Corporation Attorney take steps to compel the Fleischman Construction Co., to remove waste material placed on the highway of north Fairfax street, and on Oronoco and Pendleton streets and the report was adopted.

A resolution appropriating \$4,000 for collecting ashes and sweeping streets was referred to the committee on Streets.

A resolution appropriating \$300 for the Health department was offered by Mr. Wattles and passed, ayes 13; noes none.

A message from the Mayor enclosing a petition from the C and P Telephone Co., to erect poles and guy wires along water front between King and Duke street, and lay two ducts from poles at Southwest corner of King and Union streets and string cable to Duke street as per blue print submitted was received and referred to the committee on Streets.

Communication from W. F. H. Pike, chairman of the City School Board requesting that a special committee be appointed to co-operate with the school board in the purchase of ground and the erection of a new school building for colored children was received and Messrs. Matter and Ticer were appointed a special committee to act with a similar committee from the Board of Aldermen and the city Engineer. Mr. Finko was granted privilege of the floor and he explained the importance of erecting at once the school building.

A resolution appropriating \$7,500 to purchase a lot for the Colored school building was offered by Mr. Baggett and passed, ayes Messrs. McCaffrey, Matter, Ruben, Ticer, Armstrong, Kaufmann, Wattles, Desmond, Sullivan, Baggett, Ballenger, Fletcher, Devers and Mr. President, 14; Noes 0.

A resolution fixing the salary of the Superintendent of Gas at \$2,000 per annum was offered by Mr. Ticer and referred to the joint committee on Light and Finance.

Mr. Taxpayer and Voter

April 9th, 1919

The first step in the establishment of a more efficient city government is to acquire municipal self-knowledge. It is essential that we "know" our cities if we are to govern them with the greatest degree of intelligence and efficiency. A city's government is the instrument which moulds its progress. The duty, therefore, of every taxpayer is to inform himself thoroughly about the city's needs in order that the most efficient form of government can be maintained.

Questions:

- How the city budget is made up?
- What are the present methods of financing municipal improvements?
- What is the cost of maintaining the present city government?
- How the Legislative and the Administrative branches of the present city government function?
- Where the responsibility rests in the management of our city affairs?

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.
